

After 55 years Dawsons retiring

By Terry Wright

After 55 years of keeping store hours seven days a week, Dee and Pauline Dawson are retiring. In an informal gathering at their store in downtown Grayling, on Friday, April 23, a host of Grayling dignitaries, past and present, bid them best wishes.

City Mayor Robert Golinick read a proclamation that April 23 and 24, be designated Dee and Pauline Dawson Days in Grayling. "All area residents are urged to join me [Mayor Golinick], in wishing them well as they complete over a half century of service." The City of Grayling also presented them with a plaque

commemorating the years of service to the community.

Representative Allen Lowe congratulated them and wished them well. Chamber Director Deb Allen presented the Dawsons with a clock on behalf of the business community.

Dawson's fountain has served as a favorite shopping and coffee spot for downtown shoppers for many years, and in the 1950s and 1960s was "the" place for teens to have a chocolate cake and listen to the latest hits on the jukebox.

Emotions ran high as Dee and Pauline thanked the assembled group of well-wishers.

Local woman winning battle against life-threatening anorexia

By Terry Wright

At age 12, Meredith Jones thought she had a weight problem. When she looked in the mirror she saw an overweight little girl. That's when she went on her first diet. She cut out all food except soup and salads. When her mirror image didn't improve, she cut out soup. With no perceived improvement, she finally cut out salads, and ate nothing. She lost 25 pounds and still saw herself as overweight, but by that time she had to be hospitalized.

That was the beginning of her lifelong struggle with anorexia. Anorexia is an eating disorder that affects hundreds of thousands. Left untreated, anorexia will kill. It most often affects young girls who typically go through a stage of their development when they are obsessed with a fear of being overweight. Anorexia causes them to think that the tiniest portion of food will make them tremendously

obese. That is what Meredith Jones has lived with for the past fourteen years, and what she can expect to live with for the rest of her life.

Meredith's story was reported in the *Avalanche* last September. At that time her anorexia was threatening her life, and she had gone to California to receive treatment from Dr. Fishman, at the El Camino Hospital in Mountain View. On her first day in California she experienced a total pancreas shut-down. She was rushed, by ambulance, to the emergency room. That day she weighed 58 pounds. Four days later, with her pancreatic problem stabilized, Meredith was transferred to the psychiatric unit, under the direction of Dr. Fishman, but when it was discovered that her health insurance wouldn't pay for treatment, she was released.

Her future was set, her premature death was a certainty. She was taken to her parents' home in Saratoga,

California. Meredith said of that time, "That's when I decided to get well myself, with my faith in the Lord."

Today Meredith is back home with her husband in Grayling. Through faith and self-determination, she is fighting her sickness one day at a time, and she is winning. At five feet tall, she now weighs between 75 and 80 pounds, and has regained a lot of her lost health. "I need to weigh between 85 and 90 pounds, and I know that I'll make it, but I don't monitor my weight, I just eat what I need," she said.

One of the greatest joys of Meredith's recovery has been in her

Singer tries to bring sunshine to nursing home residents

By Terry Wright

Bob Rowe has a unique way of bringing smiles to the faces of nursing home residents. For more than 17 years Rowe has visited state nursing homes, three to five times a week, with his guitar and a wide variety of gospel,

folk, country, and inspirational sing-a-long songs.

Rowe recently visited Grayling's Mercy Manor, where 23 residents enjoyed Rowe's one hour presentation. Songs such as, "You Are My

Saturday storm hits Lovells area hardest

An area south of Lovells was the hardest hit in a storm that went quickly through Crawford County Saturday late afternoon.

At 7:15 p.m. Crawford County Sheriff deputies were called to Lovells to check out broken power lines and they discovered a lot of wind damage two miles south of Lovells on F-97. Power lines and large pine trees were down. Several residences had roof damage from falling trees.

Some fishermen reported seeing a funnel cloud in the area. The path of damage was headed toward Lewiston.

F-97 and Walsh Road were closed to traffic for a while because of the storm damage.

Power lines were disrupted throughout the county. The City of Grayling lost power for about two and a half hours. Other residents in outlying areas lost power until Sunday.

12 miles of AuSable set for spring cleaning

With the help and support of area business and organizations, the Grayling AuSable Canoe Livery Association is sponsoring an AuSable River clean-up on Saturday, May 8, in conjunction with National River Clean-up Week.

Organizers want to have a positive impact on the upper AuSable from where the river flows past the canoe liveries in Grayling, to Wakeley Bridge about 12 miles east of town. This section of the river is popular with canoeists, fly-fishers and other river users.

The liveries will provide canoes, transportation and trash bags. Some AuSable River property owners and

local fishing guides will be among those joining the clean-up effort. Several local businesses have agreed to provide clean-up tools and supplies as well as refreshments for a post clean-up picnic get-together.

The Grayling AuSable Canoe Livery Association (GACLA) intends to establish a program of periodic clean-ups on this section of the AuSable that is most popular with their canoeing guests.

The opportunity to participate in the May 8 AuSable River Clean-up may be limited, so people and groups interested in helping are encouraged to contact Cheri Hunter (of the GACLA) at 348-4921.

Local groups ask DNR for thorough evaluation before deciding fate of Grayling's downtown dam

By Terry Wright

Local groups concerned with the future of the AuSable River have asked for "no action" to be taken on the removal of the Grayling stump pond dam until a thorough evaluation of the consequences of the Salling Dam removal is made. In a cooperative effort to prevent any sudden or unannounced action by the Fisheries Division of the Michigan Department of Natural Resources, a letter from the AuSable River Property Owners Association, the Anglers of the AuSable, and the George Mason Chapter of Trout Unlimited was sent to DNR officials asking that eight specific steps be taken before any action proceeds on the stump pond issue. The letter states:

Considerable public discussion has taken place regarding the future of Grayling's "stump pond" dam. Two potential courses of action have recently received considerable exposure: [1] removal of the dam and,

[2] establishment of a legal lake level as a means of forcing that the dam remain.

Other alternatives that have been part of the public discussion and may warrant consideration include, but are not limited to: [1] Enhancing "channelization" of the river through the stump pond; and, [2] Making no change in the status of the stump pond and dam.

Since the removal of the Salling Dam, significant changes have occurred in the former Salling Pond area, the stump pond and the connecting river. The formation and flushing of the river channel and stabilization of the banks in former Salling Pond is taking place over an extended period of time.

Silt deposits from Salling Pond into the stump pond have created a de-facto river channel and a more direct flow of the river through the pond. Previously, the lack of flow through the pond created an increase in water

temperature that was potentially harmful to trout. With the increased rate of flow through the pond, this situation has been at least partially mitigated.

It will be some time before the impact of the changes taking place in the Salling stump pond areas can be accurately assessed. Additionally, a number of other factors may have an impact upon any decision to change the status of the stump pond dam.

Accordingly, we strongly urge that no action be taken to change the status of the stump pond dam until:

- Sufficient time has passed to fully and accurately gauge the impact of the Salling pond drawdown, including:

- stability and viability of the new river channel

- apparent changes for the better in the stump pond water-heating situation [mentioned above]

- final disposition and impact of silt flushed from the upper pond, including the final impact on riparian owners in the Salling-stump pond area

- There is a written assessment of the potential change in minimum and maximum river flows [high & low water levels] that may be caused by the removal of both of these buffers [dams] and the potential impact on the fishery and the riparian owners. (Will the river become more "flashy" and, if so, to what extent? Would flooding of previously unaffected low-lying areas become more likely?) Consideration should be given to the increase in direct storm water discharge from the Grayling area storm system to the river over the last twenty years.

- There is a written assessment of the potential impact to the extensive wetlands area extending to the south

from the stump pond that is apparently supported by the existence of the stump pond.

- There is a written assessment of the potential impact to the fishery with potential free-passage of fish and other aquatic life throughout the upper river system.

- There is a written assessment of the possible changes in recreational use patterns and resulting needs with a potentially free-flowing upper river area. (Will there be an increase in fishing and paddlesports use of the upper river area, upstream of Grayling? How will this potential increased use be managed & facilities

provided?)

- There is a determination whether there is cause for concern about the alleged waste dumping that took place during the 1960s in the M-72W AuSable River area.

Bear Archery, among others, allegedly dumped and covered over various wastes in this area during the 1960s. (Are toxins present in levels high enough to be a threat to public health or to the river? Would a change in the stump pond water level impact the status of any toxins which may be present?)

On behalf of the Boards of Directors

17th Annual Dawn Patrol flies into Grayling May 2

More than 200 planes, including experimental aircraft, are expected at the 17th Annual Dawn Patrol hosted by the Kirtland Community College Aviation Chapter Sunday, May 2, at Grayling McNamara Airport.

Prizes will be given to the first 20 airplanes arriving and to the youngest and oldest pilots, oldest aircraft,

and plane flown farthest.

Military aircraft, remote control airplanes, antique cars, and experimental aircraft will be on display. The Kirtland Aviation Chapter will also give tours of its facility.

The chapter will also offer a pancake and sausage breakfast from 7:30-11:30 a.m. The price is \$3.50 for adults and \$1.50 for children 12 and younger.

Rayburn, Truettner lodges to be moved

By Terry Wright

Preparations have started for the moving of the Rayburn and Truettner Lodges. Both the Rayburn and Truettner Lodges, located along the banks of the AuSable River mainstream, were part of recent land acquisitions by the Michigan Natural Resources Trust Fund. Under that fund, properties acquired are cleared of buildings, and lands are allowed to go back to their natural state.

Jim McMillan of the DNR reported that the buildings from both properties will be moved via road to their new locations, and those moves should take place within the next couple of weeks.

The Truettner buildings are to be moved to other locations along the river, as is the caretaker's lodge from Rayburn's. The Rayburn Lodge will be moved to its new location in Missaukee County.

Nationally-known author autographing latest book at Crawford Co. library

On Wednesday, May 5, at 7 p.m. Robert Wilson will be at the Crawford County Library to autograph copies of his latest book "Second Fire."

"Second Fire" will be on sale for \$5.50, proceeds of which will go to books for the Crawford County Library in memory of Mr. William Joseph.

The third book by Robert Wilson, with a Michigan location, is set in the U.P. in Watersdrop (Watersmeet). Archaeologist Christopher Fielding collides with the North American Indian tribes' (chiefly the Ojibwa) beliefs and myths when trying to uncover the history of the area surrounding the Cave of Bones which is sacred Indian ground.

Wilson's previous novels include "Crooked Tree" and "Ice Fire" which are currently out of print.

"Grayling and especially the Crawford County Library are very fortunate to have a nationally known author such as Mr. Robert C. Wilson do a book signing," said Tracy Compton, director of the Crawford County Library.

Singer tries to bring sunshine to nursing home residents

Continued from page 1
Sunshine," "The Old Rugged Cross," and "Give Me That Old Time Religion," had the whole group singing and clapping their hands in time. Rowe's goal, he told the group is to, "Get the sun shining outside and also in our hearts."

This is Rowe's second visit to Mercy Manor. Earlier this year his first visit was filmed and shown on the PBS program, Michigan Magazine. He has also appeared on national television, and will be featured in May on National Public Radio. He currently can be seen regularly on the Eternal Word Television Network.

In 1988 his non-profit company, Renaissance Enterprises, was formed to include other artists. The company has been so successful that it now includes 15 artists and they are planning to expand into other states next year. Besides music, Renaissance Enterprises presents participation programs in creative arts, poetry,

storytelling, comedy, puppets, and magicians, all at no cost. Friends and families are invited to take part in the programs. "We see remarkable changes in some of these residents during our programs. It really brings happiness into their lives," Rowe said.

Rowe's wonderful service has not gone unnoticed. He has received six hand-written and hand-signed letters from Mother Theresa who called his work, "The true work of peace in our time."

He also received a letter of praise from President Bill Clinton who said, "You are helping to change the face of America."

To learn more about Renaissance Enterprises, write to Renaissance Enterprises, P.O. Box 473, Portage, MI. 49081, or call (616) 327-1310. Donations are accepted and can be sent to the same address. Approximately 95 percent of all donations go directly to program support.

relationship with her husband. "When I was always sick, there was a great strain on our marriage. Now we're falling in love all over again," she said.

Daily stress and low self-esteem make anorexia an everyday struggle for Meredith. "When I get stressed out, I just talk to myself and try not to blow it out of proportion. I don't dwell on it," she said.

Meredith explained that keeping busy is the best way for her to combat stress. She is a trained medical x-ray

technologist and is currently searching for a job in that field, but would accept almost anything that would allow her to work with people.

Meredith expressed her appreciation of all of the support she received from her friends in Grayling, and attributes her success, in part, to that support. "I couldn't let Grayling down. It was a driving force in my getting better."

River House volunteers to be honored

In observance of National Volunteer Recognition Week and National Victims Week, 50 staff and volunteers at River House will be honored with a candle lighting ceremony on Saturday, May 1.

Keynote speakers are Tarin Eisenga-Boven, constituent representative for Congressman Dave Camp, and Michael Matuzak, 34th Circuit Court Judge.

The Candle Lighting will be led by a former domestic violence victim who received assistance through the shelter program. Certificates of appreciation will be presented to all volunteers and Advisory Board members.

V.F.W. observes Loyalty Day

The V.F.W. Post and Auxiliary 3736 of Grayling invite all veterans (whether members or not) to join them in observing Loyalty Day in front of the Crawford County Courthouse on Saturday May 1.

Following a potluck supper at 6 p.m. they will be holding the installations of new officers for the coming year.

Local groups ask DNR

Continued from page 1
and membership of the undersigned organizations, which have a keen interest in the vitality of the upper AuSable River, we request that the Department of Natural Resources: 1) Establish and make public a timetable to address each of these issues detailed above within a reasonable time; (2) That the Department fully inform the interested parties and the public of their findings to facilitate a meaningful discourse on the issues relating to the future of the upper AuSable River area and the stump pond dam.

The letter is signed by Steve Southard, on behalf of the AuSable River Property Owners Association, Don Boyd, on behalf of the Anglers of the AuSable, and Steve Mason, on behalf of the George Mason Chapter of Trout Unlimited.

MDNR Region II Fisheries Division Director John Schrouder said of the letter, "We received it, and I helped draft a response that will be coming from John Robertson's department [John Robertson, Chief of the MDNR Fisheries Division], probably next week. Generally, the response states that before we consider the stump pond dam, we need to finish the Salling project, and that we would go through all the steps outlined in the memo, plus more. That includes having public hearings."

Schrouder explained that the difference between the Salling project and any eventual action on the stump pond is that the Salling Dam was in danger of collapse. Under the Dam Safety Act, immediate action had to be taken. There is no immediate danger from the stump pond dam, therefore there is ample time to study the results of the Salling Dam removal before any decision on further dam removal action is taken.

Currently, DNR fisheries personnel

are monitoring water temperatures below the Salling Dam site. Steve Sendek of the Grayling DNR field office said, "I am collecting water temperature data and this spring I will be putting it all together. I know that below the stump pond and below the Salling site the temperatures were significantly cooler last year." He added, "That may not mean much because of the cool weather last year."

Sendek explained that the DNR now studies ecosystems rather than single plant or animal life in any given area. "There is an entire ecosystem of aquatic organisms and other critter life that need to be evaluated before we can move to another project," he said.

Sendek also said that the U.S. Geological Survey did a study of sediment transport after the removal of the Salling Dam, and that after the first year the sediment flow dropped significantly. Sediment flowing downstream from Salling Lake had created a problem for property owners in that area prompting the formation of the AuSable Protection Association. After the dam removal they had asked the DNR to establish a legal lake level on the stump pond to prevent any further sediment flow downstream. Connie Swander of the AuSable Protection Association said of the above letter, "We have not met as a group to discuss it, but I personally don't have a problem with it."

One of the letter's co-authors, Steve Southard, said, "We are only trying to find out whether the DNR will look at the problems outlined in the letter. We would like to replace DNR rhetoric with a scientific plan."

Steve Mason of Trout Unlimited agreed, "We don't want the DNR to establish a legal lake level on the stump pond, or pull down the stump pond dam without our questions being answered."

Portables, not St. Mary's, will house extra classes

By Terry Wright

Classroom space at St. Mary's Catholic Church, won't be a temporary solution to the overcrowding problem in the Crawford AuSable School District (CASD). At the latest Board of Education meeting, board members decided to withdraw their interest in converting St. Mary's classrooms into classrooms for the CASD.

Superintendent Kent Reynolds explained that for their current use by the Catholic Church, the four classrooms are within legal state building and fire codes. For conversion into public school classrooms, state law would require some extensive changes that the church would rather not have done.

Reynolds stated, "A rough estimate of the initial remodeling costs for those classrooms is \$25,000, plus another \$30,000 per year to lease and maintain them."

As an alternative, the board of education has authorized Assistant Principal Paul Lerg to locate three used portable classrooms, and to report back to them on a possible purchase price.

Reynolds stated that he thinks used portables can be purchased for about \$15,000 each, financed over three years, plus transportation and installation charges. He estimated the total yearly costs of having portables, including purchase price, to be in the vicinity of \$20,000 to \$25,000 per year.

The portables will be set up at the Grayling Middle School, on the Chestnut Street side of the building, and will be ready to house 5th grade classes that were previously located at the high school, this fall. Each unit will be approximately 900 square feet of space, about the equivalent of most rooms within the middle school.

Johnson helps place Pere Cheney cemetery on state register

By Terry Wright

Two weeks ago the Avalanche published an article on the listing of the Pere Cheney cemetery on the state

register of historic sites. All of the information gathered for that article came from the Michigan State Historical Commission. The Historical Commission failed to list William Johnson of Beaver Creek for performing all of the leg work to get the cemetery listed. He spent many hours researching the cemetery's history and was instrumental in getting the site listed on the state register of historic sites.

Animal shelter losing loyal worker and friend

Before I get to the true purpose of this letter I would like to inform everyone that obedience classes will begin Monday, May 10, 6 p.m., in the parking lot of Grayling State Bank. Linda Sprague will again be instructing. This is an eight week course and the cost is \$20. You must bring proof of current vaccinations when you enroll your dogs. Any dog that has been adopted from the animal shelter in the last six months is free as long as your shots are up-to-date. Phone me at 348-4117 for additional information.

By now most of you know Retha. Without her, the great accomplishments at the animal shelter this last year could not have happened. She has been the treasurer of C.C.F.A. for a long time and has always helped on everything we have done. Retha has also been one of the best friends I have ever had.

It is with great sadness that I tell you Retha will be leaving us soon. It seems Retha and her husband, Loy,

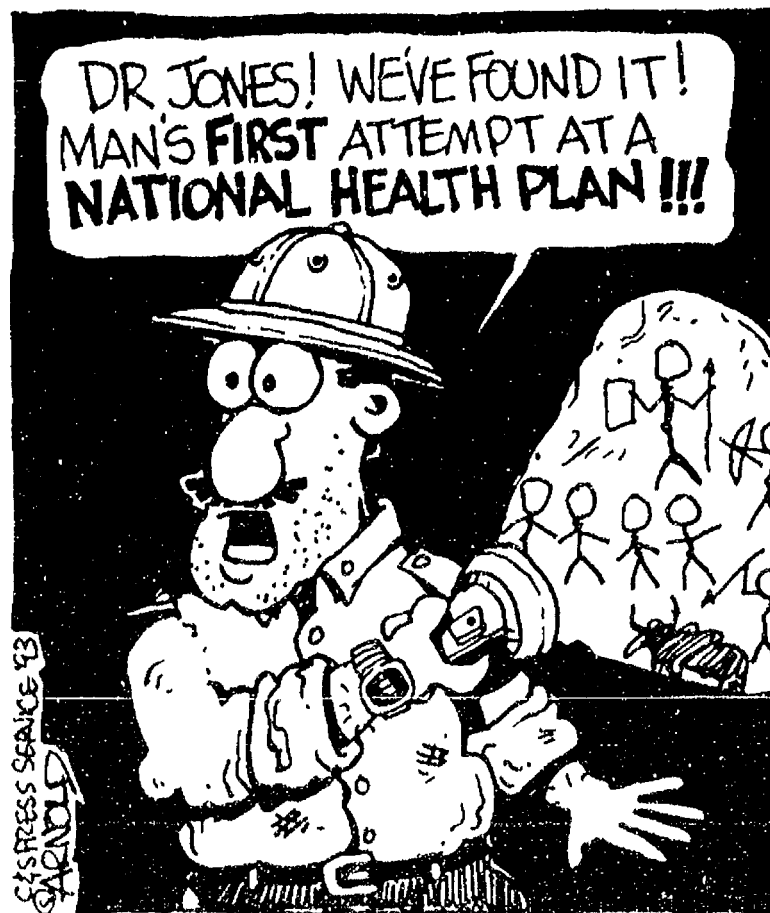

have sold their house. Loy has also helped greatly at the shelter and I would hate to leave this fact out. Loy's health has not been great and they have decided to move nearer their daughter.

All of us at the shelter will suffer for this decision. I will not know what to do without her and the animals will not know the wonderful love and care she lavishes on each one that comes through the door. I will be back to working seven days a week and closing the shelter when I need to leave during the day. I will also lose a loyal friend who defends me even when she feels I'm wrong.

I could hope the sale of their house falls through, but I guess I'll just hope this is a good thing for them. I hope Loy begins to feel better and I hope Retha finds a way to share her wonderful gift with others as she has shared it with us.

We will miss her more than she can begin to know.

Scientific literacy essential for Americans

I am writing to express my gratitude to the Kirtland Community College Board of Trustees for the opportunity to attend the 49th annual conference of the National Science Teachers Association and to communicate to the residents of the college district a few of the things I learned at the conference. For example:

Internationalism and multiculturalism are rapidly becoming

curriculum standards in our nation's schools and schools throughout the world. The absence of significant cultural diversity in our communities makes our needs for culturally diverse curriculum even greater. Technology is rapidly "shrinking" our planet.

Technologic and scientific literacy are essential for all Americans being educated today. As you look about, most of what you see, including the ink on this page, are products of science

and technology. Citizens need a modest level of scientific literacy just to avoid being "suckered" by all the science "junk" that comes at us through the media. Most of the jobs that will become available in the decades to come will have a substantial scientific component. Our graduates will need a strong background in science to be able to compete.

All of the features of an excellent science education program are present in our schools right now, they are just not the norm. Citizens must insist that classes be kept small, instructional

materials be kept up to date, and teachers be trained and retrained in research-based instructional methods. You wouldn't have much confidence in a medical doctor whose training was out of date, nor would you take your car to a service person who was not trained to work on it. Teachers too need retraining to remain up to date.

The national science education agenda is very full and dynamic, and it's just what we need around here.

Let's Talk About It

By Joe Murphy

Yesterday I paid a visit to the Pere Cheney cemetery and was shocked to find that very few tombstones have not been destroyed by vandals. What possible enjoyment can some people get out of destroying such things. The last time I was out there you could still find some identified graves, but now there are very few. If there is a map which shows the location of the graves there, I think it would be wonderful if efforts were made to place at least a small marker on those graves showing at least names and dates. I have spoken of this before and it went over like a lead balloon. Now that it has been designated as a historical site, it may arouse people to do what they can to make it more meaningful. Don't all of us want to leave some sign of our days here on earth?

For the most part, they who lie in those graves were the early settlers in this area to whom we owe a debt of respect for the hard times they endured to make a start in this area we call home. Are there enough folks out there who care enough to at least try to honor them with at least a small marker? If you would be interested in helping to locate and identify those grave sites, give me a call at 348-8308 and perhaps we can get the ball rolling. I keep thinking of an epitaph that adorns a tombstone which I read about. "Tarry stranger and cast an eye, as you are now so once was I. As I now someday you'll be, so be prepared to follow me."

Our spring so far has not been one to write home about. We get a nice day now and then followed by some cold nasty ones. Still I guess we should be thankful for those nice

days we get. One thing about it is that it reduces the fire danger and we sure don't need another big fire. Also the fact that the ground is not getting dried out might be the key to a good mushroom year. If so, I would consider it a fair trade, for I sure would enjoy having all the mushrooms I wanted again. The past few years have been real bummer for the old man and it sure would be nice to have a good year again.

Of course, days we consider rotten now we would have thought were wonderful back in January. As I have said before, a 40 degree day in January is heaven, while a 60 degree day in July is hell. I guess it is what ever you are used to in regards to comfortable temperatures. Back when the troops from Puerto Rico were training here we had to order cold weather clothing for them. On days we would consider hot they wore field jackets and gloves and complained of the cold.

It is nice to have our snowbirds who went south for the winter coming back home again. They are those folks with the sun tans while the rest of us are fish belly white. I am meeting a lot of real nice folks who have decided to spend their retired years up here in God's country. I wish them many years of the good life here, no, it's not Utopia, but we are always trying to make things better.

MY PLAN WILL REALLY GIVE THE ECONOMY GAS ...

THAT DIDN'T COME OUT QUITE RIGHT.

Business Expo '93 offers unique opportunity

As both a new resident of Grayling and having just started a business, I wish to express my appreciation to the Grayling Chamber of Commerce for their sponsoring of the recent "Business Expo '93." As an exhibitor, the Expo offered a unique opportunity to meet many members of the community. Both Deb Allen, chamber executive director, and Heidi Jones,

her administrative assistant, were extremely gracious and helpful. I look forward to future participation in this, and any other projects, which will make Grayling an even better place to live and work.

Your Social Security

If you're on Medicare, here's a story that could happen to you

You're visiting your son in another state and become ill. You call your son's doctor and discover that she doesn't accept assignment on Medicare claims. What does this mean and what can you do? Should you search for a doctor who accepts assignment on Medicare claims? Not necessarily.

When physicians accept assignment on all or some of their Medicare claims, they agree to charge no more than the amount Medicare approves for each service they offer. Since Medicare will pay 80 percent of the approved charge, this means you will be responsible for paying only 20 percent of the approved charge.

Physicians who don't accept assignment can charge more than the Medicare-approved amount, but because of a new law, they are limited in the extra amount they can charge you. This year, the most they can charge for Medicare covered services is 115 percent of the Medicare approved amount. For example, if the

Medicare fee schedule amount for treatment by physicians who don't accept assignment in the local area is \$100, the physician who treats you cannot charge you more than \$115. When you get your Medicare approved amount for each service.

If you live in Connecticut, Massachusetts, Pennsylvania, Rhode Island, Vermont, or New York, your state has laws that could further reduce your costs. In certain cases, such as for participants in the Qualified Medicare Beneficiary (QMB) program, physicians must accept assignment for covered services provided to beneficiaries who qualify for QMB.

If you have a physician who doesn't accept assignment on Medicare claims and he or she has exceeded the charge limit for services you've received since January 1, 1991, contact the doctor and ask for a reduction in the charge or a refund. If you cannot resolve the issue with the doctor, contact your local Medicare carrier to ask for help.

Sen. Debbie's off and running

I SEE BY THE PAPERS that Sen. Debbie Stabenow of Lansing is off and running for the governor's job.

It's about 19 months before the November 1994 election, but modern politics dictate that a would-be governor can't get started too soon.

Actually, Ms. Stabenow has been running for the Democratic nomination for governor for several months. But things are getting downright serious these days.

Ms. Stabenow announced the other day that she has raised \$75,000 in small contributions — from \$10 to \$100 — and from more than 1,000 individuals, starting on April 1, 1993.

These are requirements to qualify for the first steps of state aid for gubernatorial candidates.

Under state law, if candidates such as Ms. Stabenow reach all levels of compliance, they can receive about \$1 million in tax money to pay for their primary campaigns.

We can expect to see other potential governors — such as former U. S. Rep. Howard Wolpe and perhaps others — getting their ducks in a row to get state aid for their campaigns, too.

ANOTHER TIPOFF that Sen. Stabenow is serious about her

intentions came as the legislature recently approved the new school financing plan for submission to the voters in June.

The plan calls for a rollback in property taxes, an increase in state sales taxes, basic school aid levels, school millage limitations, and other adjustments of how education is financed.

Ms. Stabenow ended up voting with the majority for the proposal — but not with any expressed enthusiasm.

"It is not my first choice, not my second choice, not my third choice," she said. "What we have in front of us, unfortunately is what seems to be the only alternative available."

The Stabenow qualifications, of course, place her exactly where a candidate for higher offices likes to find herself — on both sides of the question.

If the plan is adopted and turns out well, she can point out accurately that she voted for it; so she's right with those voters who like it.

If it's soundly rejected by the voters, or turns out badly, she can point out accurately that she didn't like the plan, even to the third degree; so she's right with those voters who don't like it.

There's nothing wrong with such political positioning, of course; but to a cynical bystander, it sure is interesting.

I SEE BY THE PAPERS that the school board of Jacksonville, Fla., thinks that the story of Snow White is too gruesome for young minds.

School officials have restricted Snow White for children through the 2nd grade. Too violent, they feel.

Maybe they're right. Poison apples, and deep trances and all the rest do point to violence. But maybe they should take on some other children's favorites, too. How about Red Riding Hood, with the grandma-eating wolf, and the wolf-slaying woodsman?

Or Hansel and Gretel, with the old witch planning to bake our heroes into cookies?

Or Jack and the Beanstalk, with its thread of not only violence but thievery and trickery and mayhem by both the villain and the hero as well?

It makes you wonder how anybody ever makes it into adulthood with any sort of positive values intact.

Lamaze childbirth classes offered at Mercy Hospital

A new series of Lamaze childbirth education classes will begin Thursday, May 13, at Mercy Hospital/Grayling with instructor Joy Bobenmoyer, R.N.

Expectant parents can prepare for the birth of their child during this series of six sessions. You'll learn about pregnancy, child care tips, breastfeeding advice, relaxation techniques, preparation for labor and delivery, exercises and what to expect when you come to the hospital. A tour of the birthing room and Obstetrics Department at Mercy Hospital is included.

"Women should be in their seventh month of pregnancy when joining the class," Bobenmoyer said. "This is the best time to learn the Lamaze method of childbirth so it is fresh in your mind when you are delivering the baby."

This series of Lamaze classes will be held from 7 to 9 p.m. in the Riverside Room, continuing through June 17.

For the first session, meet in the hospital lobby. Cost is \$25 per couple if delivering at Mercy Hospital, or \$40 per couple if delivering elsewhere.

In addition, a three-session refresher course is held for parents wishing to renew their Lamaze skills. The cost is \$15 for refresher classes May 27 through June 10.

Pre-registration is suggested but not required. For more information call the Obstetrics Department at 348-5461, ext. 167.

ENGAGEMENT ANNOUNCED—Mr. and Mrs. Michael Lovely of Grayling, would like to announce the engagement of their son, Mick, to Danielle Morin, daughter of Joe and Joanne Morin of Canton. An August 7, 1993, wedding is planned.

Great Lakes teaching lab scheduled for July 16-18

Are you an adult who loves the Great Lakes and Michigan's natural resources? Do you want to share your admiration and respect for the Great Lakes with youth? If yes, register for the Great Lakes Experimental Teaching Lab scheduled for July 16-18 at the Ocqueoc Outdoor Center near Rogers City.

Participants will be trained in the use of Aquatic Project WILD, Project Learning Tree and other natural resources curricula. They will explore Great Lakes ecology, water quality concerns, dune and beach ecosystems, wetlands, fisheries, forests, wildlife, insects, and wild flowers. Participants will also have the chance to fish, snorkel, swim, hike, bird-watch, beach-comb, and swap campfire stories.

"Every Michigan resident lives within 100 miles of the Great Lakes, but many people have not made a

connection between themselves and these incredible bodies of water that dominate Michigan's natural resources," says Glenn Dudderar, associate professor, MSU Fisheries and Wildlife and instructor at the Experiential Teaching Lab.

"We Help participants make that connection; then they can help others. Individuals who already know the Great Lakes may be reluctant to share their experience because they think they lack teaching skills. We help them recognize their abilities and give them some new tools to teach others," adds Dudderar.

This program is designed for teachers and for volunteers who work with youth groups such as 4-H, scouts and others. It is staffed and sponsored by Michigan State University faculty and extension staff, Michigan Sea Grant Extension, and by active volunteers and teachers.

The charge for the weekend is \$50; this covers registration, meals, lodging, curriculum materials and all supplies. The session is limited to 40 participants. For more information, please contact the local MSU Extension office at 348-2841, ext. 264.

United Way accepting 1994 funding requests

The Crawford County United Way is now accepting requests for applications for funds in 1994. Currently funded agencies need not request an application, as one will automatically be sent to them. Other non-profit agencies are invited to apply, provided they have 501(c)(3) status from the IRS, a current License to Solicit from the Michigan Attorney General, and a non-discrimination clause in their by-laws.

Each year, over \$50,000 has been raised in Crawford County and distributed to 16 local agencies. The Crawford County United Way is run totally by volunteers and therefore has very little administrative expense — less than one percent.

If your agency meets the required criteria and you would like an application, send your request to David Sabin, vice president, Crawford County United Way, PO Box 171, Grayling, MI, 49738, before May 30, 1993.

DNR offers free camping weekend at 11 state parks

The Department of Natural Resources will waive all camping fees, reservation fees and the Michigan State Parks Motor Vehicle permit fee for campers who stay at one of 11 designated state parks on Free Camping Weekend, May 21-22.

"This is the second year we have offered a Free Camping Weekend for state parks campers," DNR Director Roland Harnes said. "It gives them a chance to discover parks they haven't visited before, and it's an opportunity for first-time campers to try out this kind of outdoor recreation at no cost."

Interested campers are encouraged to make their reservations early to stay at one of the following participating state parks on Free Camping Weekend:

•In the Upper Peninsula: Baraga State Park (906-482-0278); Twin Lakes State Park near Toivola (906-482-0278), and Muskallonge State Park near Newberry (906-492-3415).

•In the northern Lower Peninsula: Clear Lake State Park near Atlanta (517-785-4388); Harrisville State Park

(517-362-5041), and Orchard Beach State Park near Manistee (616-843-8671).

•In the southern Lower Peninsula: Ionia Recreation Area (616-527-3750); Island Lake Recreation Area near Brighton (313-229-7067); Lake Hudson State Park near Onsted (517-647-7401); Pontiac Lake Recreation Area near Pontiac (313-666-1020), and Seven Lakes Recreation Area near Fenton (313-634-8811).

Campers who take advantage of the Free Camping Weekend offer and who complete a short questionnaire for the DNR Parks Division during their stay also will receive a \$2 coupon to apply toward a future camping stay in any of the 11 participating parks. They may also reserve additional nights with no reservation charge (but camping fees would be required) if the time period includes May 21-22.

Camping reservation forms are available at all state parks and at DNR Parks Division, PO Box 30028, Lansing 48909, 517-373-1270.

Workshop focus aimed at helping children, parents

A workshop aimed at parents of adolescents will be held 7-10 p.m. Wednesday, May 5, at the Grayling High School.

"Understanding Our Children" and "Facing Alcohol Concerns Through Education" will be the two main topics of the workshop.

The program is funded by a grant from the Drug Free School and Communities Act of 1986.

For more information call 517/732-7615 or 616/238-9394.

Farmers Home Administration seeks county nominations

The Farmers Home Administration (FmHA) is accepting nominations for County Committee elections for Crawford County. This notice is issued to inform eligible voters of the right to nominate candidates by petition. Copies of the petition and instructions on its completion can be obtained from your local FmHA office.

Persons nominated should have an interest in a farm as an owner, tenant, or sharecropper within the county or area in which activities of the county or area committee are carried out.

Frederic Elementary

On Friday, May 7, from 5 until 8 p.m. the Frederic Elementary Parent Organization will be holding an 'Old Fashioned School Carnival' at the Frederic Elementary School. The school is located in Frederic, just off Old 27. There will be food, games, door prizes, a cake walk, and lots of fun! Proceeds will go toward the Frederic Elementary School playground improvement project. For more information contact the Frederic Elementary at 348-7641, ext. 37. The public is invited.

Honor students cooking dinner to help Hospice

Members of the Grayling High School Chapter of the National Honor Society will be hosting their annual spaghetti dinner to benefit Hospice With Loving Care which serves Crawford and Roscommon counties. Dinner will be served at the Grayling K of C Hall on Thursday, April 29, from 5 to 8 p.m. Tickets may be purchased from National Honor Society members and will also be available at the door that evening. Ticket prices are \$4 for adults and \$2 for children. The meal will be prepared by the N.H.S. members and their sponsor, Michael Dean, to benefit the Hospice cause.

Range Firing

Range firing will be conducted at Camp Grayling in the following areas:

The Small Arms ranges located west of Lake Margrethe, north of Howe Road, east of the gas pipeline, and south of Portage Creek. Firing will begin on April 30 and cease on May 2.

In memory of

In loving memory of Donald A. Boone, Sr.
Donald, you are thought of Every single day,
By every one that loves you,
That you've met along the way.
Your sickness hurt a lot of us
To see the suffering, pain, and fear.
Sometimes we felt so helpless,
Just to wipe away the tears,
But now you're with a special friend
Who loves you just as dear.
Your sickness now, will be no more.
Nor the suffering pain and fear.
But as for us, you're badly missed.
The ones you left behind,
But knowing your with Jesus,
Gives us all some peace of mind.
For God so loved the world, so much,
That he sent his only son,
To give his life upon a cross.
For each and every one,
So we know that you are happy,
With Jesus as your friend.
And we know we'll get to see you,
When Jesus comes again.
So until the judgement day,
You are still in all our hearts.
Husband, father, son, brother, and friend,
You are a very special part.
To you, your family and friends were important,
And so was life you see.
One day you'll see your family and friends,
And you'll live eternally.

Former area basketball star offers hoop camp for youth

By Terry Wright

Jay Smith is one of the best basketball players to ever come out of northern Michigan. In 1979, at Mio, Smith set a state basketball scoring record for Class D schools. He went on to play college basketball at Bowling Green and Saginaw Valley. For the last four years Smith has been an assistant coach at the University of Michigan during its program's rise to national prominence. Smith credits his success to the fact that, during his school years in Grayling and Mio, he learned the value of hard work and the satisfaction that it can bring.

Now Smith wants to give something back to northern Michigan. Through a

series of summer camps, he wants to share his knowledge of basketball with today's hopeful athletes, and he promises to teach them the same way he learned: with lots of hard work. "I pledge to you that during our week of camp we will work extremely hard to improve each camper's basketball skill, and that we will not waste time on non-basketball matters," Smith said.

Smith's camp is coming to Grayling in July. Boys camp will be July 19-23, and girls from July 26-30. The cost is \$35 and all students in grades 3-8 are eligible. Unlike other camps, Smith's camp comes with a guarantee, "I guarantee when you leave you'll know more about passing, shooting and dribbling, or you'll get your money back." Morning camp will be for athletes in grades 3-4-5, and afternoon camp will be for grades 6-7-8. Smith

promises to be at every session, every minute of every day, teaching the drills himself.

Smith's camp comes highly recommended. Coach Bernie Holowicki of Detroit Catholic Central says of Smith, "He knows basketball extremely well and he works hard to teach the game to others."

Loy Vaught, former U. of M. standout now with the Los Angeles Clippers, said, "Jay helped me develop as a player. His enthusiasm for the game is infectious."

To enroll in the Jay Smith Summer Basketball School, complete the application and mail, with your check or money order, to: Jay Smith Summer Basketball School, 3410 Wexford Ct., Ann Arbor, MI. 48108. For more information or an application call 348-7392.

Vikings of the Week

Baseball

Eric LaForest

"(Senior) Eric LaForest hit the ball hard every time he was at bat in last week's doubleheader," said Coach Fred Wolcott. "He was three for five against Lake City, scored two runs, had three RBI's, walked once and was hit once by a pitch. So he reached base safely five times."

Softball

Val Elmy

"(Junior) Val Elmy is leading the team in batting at .786, with ten singles and one double, which is fantastic for only 14 at-bats," said Coach Rebecca Brown. "She is also contributing at 1st base and will continue to be a player to watch."

Vikings rally for 8-4 win at Lake City

By Nancy Lemmen

The Grayling High School varsity baseball team split a pair of away games with Lake City last Thursday. The Vikings won the first game, 8-4. They were trailing, 10-5, when the second game was called after six and a half innings due to darkness.

FIRST GAME

In his first start of the season, senior Scott Garner took the win, giving up four runs on five hits and striking out five.

"Scott got off to a shaky start," said Coach Fred Wolcott. "He gave up

four runs in the first three innings, two of them unearned. But he settled down in last four innings, when he pitched really well. He got better as the game went on."

The score was tied at 4 after three innings, and stayed that way until the sixth inning, when Grayling scored four runs to take the win.

Senior Mitch McMillan was two for five, with two runs and two RBIs.

Senior Mike Kirimo was two for four and scored two runs.

Senior Eric LaForest was two for three, with one run and one RBI.

Junior Chris Wolcott was two for three.

Gamer helped his own cause by going one for two and scoring two runs.

"We played better, solid defense, except for a couple of errors," said Wolcott. "We really cut down on our mental mistakes and got some good pitching and timely hitting."

2ND GAME

Wolcott took the 10-5 loss in the second game of the evening.

"Chris pitched the first three innings and gave up six unearned runs," said Wolcott. "Four of them were in the first on one hit. He pitched good, but the defense fell apart a little bit. We only played six and a half innings when it was called for darkness. Kirimo pitched last two innings. He threw pretty hard and his three runs were unearned too."

The Vikings had a total of five hits. Kirimo was one for two and scored two runs.

Senior Nathan Mead, LaForest, Wolcott and junior Paul Hartman all picked up one hit apiece.

Mead, LaForest and senior Loren Lugviel scored one run apiece.

"We got behind early in this game because of errors," said Wolcott. "We came back, left the bases loaded in the fifth inning, and cut it to 7-5 in the sixth."

But Lake City answered with three more runs, and then the game was called before the Vikings had the

opportunity to score any more runs.

COMING GAMES

Grayling hosts Whittemore-Prescott in a doubleheader on Friday, April 30, at 4:15 p.m., and travels to Cheboygan on Saturday, May 1, for an 11 a.m. game against the Hurons.

GHS softball team ready for home games

By Nancy Lemmen

The Grayling High School varsity softball team fell to Lake City, 9-5 and 16-6, in an away doubleheader on April 22.

Senior Heidi Craigie took the loss in the first game.

"Heidi made a lot of improvements," said Coach Rebecca Brown. "She had given up several walks in the game against Roscommon. But in this game, she walked only three and had three strikeouts, so she is moving toward improvement."

Junior Heather Guzman took the loss in the second game.

"She did a good job," said Brown. "But she caught in the first game, so she went into the second game a little tired. We are training other catchers, so she won't always have to do that."

"We had great hitting," added Brown. "We're going to come along. We would rather have won, but defensively we are progressing and we are running more intelligently. I have confidence in the players. Even

the hitters with the low batting averages are advancing the runners when they are not getting on base."

Junior Val Elmy (with an overall batting average of .786) had five singles, one double, four stolen bases, seven put-outs and one assist.

Craigie (.500) had three singles, two walks, six stolen bases, three put-outs and one assist.

Senior Elissa Cox (.167) had one single, two walks, one sacrifice, one stolen base, six put-outs and four assists.

Junior Mandee Micek (.500) had two singles, two stolen bases, five put-outs and three assists.

Senior Stacy Straw (.500) had three singles, five stolen bases, one put-out and two assists.

Senior Sara Palmer (.583) had four singles, three stolen bases, two put-outs and one assist.

Guzman (.571) had three singles, two stolen bases and one assist.

Senior Jody Pratt (.583) had four singles and one triple.

Junior Jackie Cragg had two walks and six put-outs.

Junior Pam Wilkins (.250) had one single.

Senior Christina Hartwig had one put-out.

COMING GAMES

The Vikings host Whittemore-Prescott on Friday, April 30, in a doubleheader scheduled for 4:15 p.m. They travel to Cheboygan on Saturday, May 1, for another doubleheader at 11 a.m.

"It will be good to play at home," said Brown. "I think that we will come around to winning real soon. Also, our losses so far have been non-conference games, so I am not worried."

JV baseball team beats Lake City 8-2 and 13-3

Little League teams starting practice

Grayling Little League major league and minor league baseball teams (ages 8-12) were selected at a draft Monday night. Players should be contacted soon by coaches for practice times.

The draft for the softball major and senior leagues (girls 10-15) was postponed to allow extra time for players to register. The deadline for registering for Little League softball was extended to Saturday, May 1. Players may sign up at Hanson Hills.

The draft for the senior league baseball teams (ages 13-15) was also postponed until later this week. Players should be contacted next week.

The Grayling High School junior varsity baseball made it four wins in a row on April 22 by defeating Lake City, 8-2 and 13-3, in a home doubleheader in which all 16 players saw action.

"They played as a team, making the routine plays and very few mistakes," said Coach Bill Klinger of the first game. "The team played heads-up and, for this early in the season, they are doing things right."

The Vikings jumped to a 2-0 lead in the second inning, took the score up to 5-1 after the fourth and then coasted to their 8-2 win.

Grayling had 11 hits.

"Everyone is going to the plate to hit the ball and I like the aggressive attitude they have shown as a team," said Klinger.

The team again had very good pitching by (sophomore) Chip Waite, who struck out 13 and gave up only three hits.

INDIVIDUAL STATISTICS

Sophomore Scott Longendyke had three hits and two RBIs.

Sophomore Chris Jones had three hits.

Sophomore Tony Dobry had one hit and two RBIs.

Sophomore Steve Bugyi and Waite each had one hit and one RBI.

Sophomore Shane Hinkle and freshman Jason Thompson had one hit apiece.

2ND GAME

The second game was a good one to coach, with 14 of 16 players getting into the game, said Klinger.

The Vikings scored 13 runs on nine hits, with only four strike-outs. They

led, 4-0, after one inning, and 7-1 after two. After that, they "breezed to the 13-3 victory."

"The players are hitting the ball and making the other team come up with the play," he added.

Grayling had good pitching from Thompson, who gave up only one hit and struck out six.

"He walked five, but this is his first time pitching and he will only get better," said Klinger.

Freshman Andy Perrin pitched the final inning, giving up no hits and no runs.

"Once he settled down, he was very effective," said Klinger.

"This team plays very aggressive baseball, both at the plate and on the base paths," he continued. "In both games, we had many stolen bases and good team speed has helped us to score runs."

"This is a hardworking JV team who are very supportive of one another and really enjoy playing baseball. They are talented and have a very good attitude."

INDIVIDUAL STATISTICS

Freshman Travis Weaver had two hits and three RBIs.

Perrin had two hits and one RBI.

Longendyke had one hit and two RBIs.

Freshman Justin Eddy, Bugyi, sophomore Scott Baker and Thompson all had one hit.

COMING GAMES

The junior varsity team travels to Whittemore-Prescott for a doubleheader on Friday, April 30, at 4:15 p.m., and hosts Cheboygan on Saturday, May 1, at 11 a.m.

The Bible Speaks

From The
Calvary Baptist Church

"Christian" Cults

All of us were horrified by the terrible loss of human life at the Branch Davidian compound near Waco. People need warning about cults. Cults always "demote God, devalue Christ, deify man, deny sin and denigrate scripture." Most cultists are antichrists. Our Lord Jesus Christ warned us of these last days: "For false Christs and false prophets shall rise, and shall shew signs and wonders, to seduce, if [it were] possible, even the elect." (Mark 13:22).

But those most concerned about cults, should consider the special report on the World Council of Churches by Joseph A. Harriss in the February 1993 issue of *Reader's Digest*. The article is entitled, "Why have the interests of the World Council of Churches strayed so far afield from Christianity? Top-secret KGB files suggest one reason: 'The Gospel According to Marx'." Father Yahunin, now a deputy of the Russian Supreme Soviet's Commission on Freedom of Religion is quoted telling how effective the WCC was: "In my view, the WCC's

left-radical activities helped the Soviet bloc spread communist ideology in Africa, North and South America and the Far East."

David Koresh killed his dozens, and Jim Jones killed his hundreds, but monies from members of liberal denominations given to Marxists by the WCC helped kill millions of innocent men, women, and children throughout the world. Liberals have outkilled the religious cults in the name of "Christian" love and justice. We wrestle "... against spiritual wickedness in high places." (Eph. 6:12).

Harriss reported the WCC as concentrating on the 'white institutional racism' of the 'international capitalist economic system.' He reported the WCC crisis of the 1990s to be capitalism that "results in policies of racial discrimination, the resurgence of white fascist neo-Nazism, and the reliance upon law and order, policing, etc., to maintain control." Meanwhile, religious leaders emerging from behind the Eastern iron curtain are saying,

"The WCC was not interested in the Church's fight for freedom... The WCC failed to defend our Christian brothers in Eastern Europe and the U.S.S.R."

Bible-believing Christians represent a growing obstacle to one-world religion and government. Conservatives who believe in the literal, historical interpretation of the Bible and the U.S. Constitution will be falsely slandered and persecuted as a radical, hate group.

To avoid all real deception, believers should search the Scriptures of Truth daily, pray to the Son of Truth, and trust the Spirit of Truth. Don't allow the authority of any church, clergyman, state or politician to replace Bible authority. (Act 17:11).

Question: I would like to know more about high blood pressure. If my parents had it, am I more likely to develop it? Also, would I have any symptoms?

Answer: Hopefully, this information from the American Heart Association will help answer your questions. Blood pressure is the force of the blood in the body pushing against the blood vessel walls. It is recorded as two numbers written one over the other. The top number refers to the systolic pressure. This pressure is generated by the contraction of the heart. The bottom number refers to the diastolic

pressure or the pressure exerted against the vessel walls while the heart is at rest between heart beats.

Medical scientists have determined a normal range for blood pressure. People who have pressures consistently higher than normal are said to have high blood pressure or hypertension (140/90 or above).

High blood pressure indicates the heart is straining to pump blood through the arteries. This is an unhealthy situation and can result in the following problems:

- The heart can become enlarged (congestive heart failure).

- The arteries can become scarred and less elastic; hardened and narrowed, they may be unable to carry the amount of blood the body's organs need.

- Blood clots may form in a narrowed artery causing a heart attack or stroke.

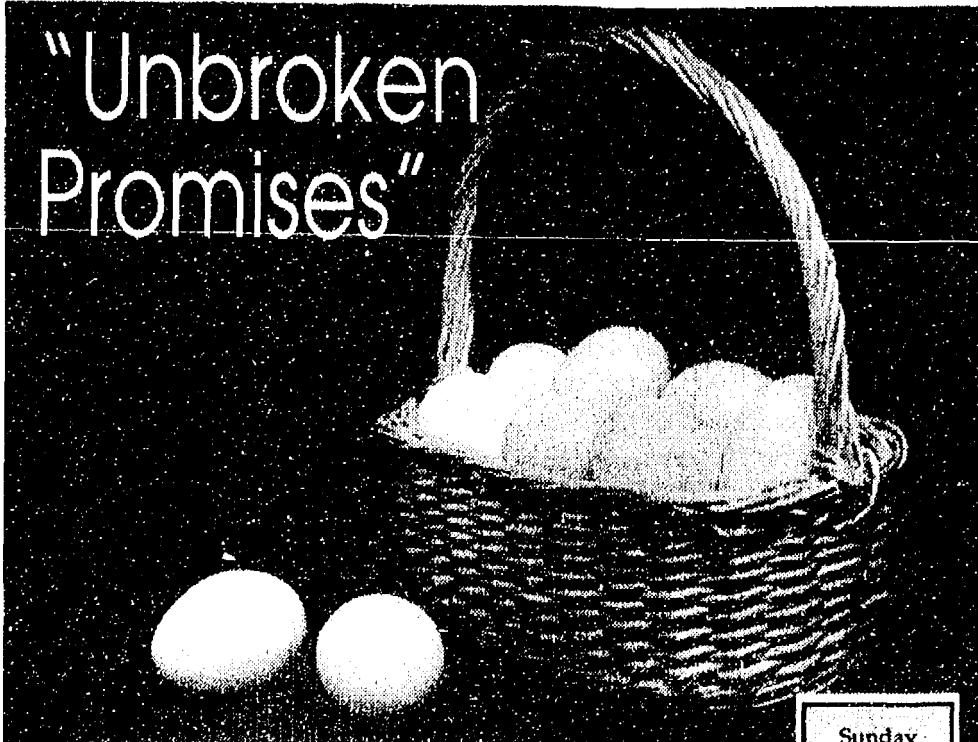

High blood pressure tends to run in families. Also, the older you get, the more likely it is that you may develop

high blood pressure. Don't wait to have your blood pressure measured until you have symptoms. Usually high blood pressure has no symptoms; many people have it for years without knowing it. In fact, 46% of the people who have high blood pressure are unaware they have it. Some 60 million Americans have this condition.

The only way to tell if you have high blood pressure is by having it painlessly measured with a sphygmomanometer. This can be done by your doctor or other health professional at an office visit. Also, area Health Fairs, pharmacies and senior centers frequently offer free blood pressure screenings.

The Health Department, in conjunction with the Council on Aging, offers blood pressure testing through their Senior Screening Program. For more information on this service for senior citizens, call your local Council on Aging.

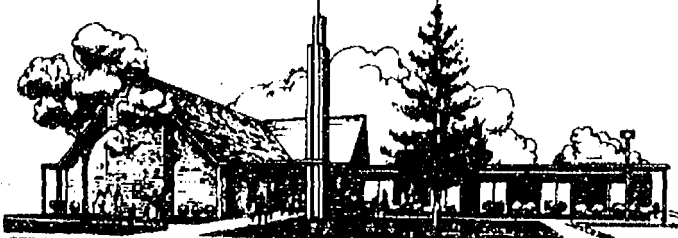

Church Directory

Quite contrary to the ageless adage, it seems that someone dared "put all their eggs in one basket." It is sometimes difficult to put our trust in others. We are often discouraged by misleading information and broken promises. Is it possible for a basically self-protective society to sanctify the unseen... to heed the unheard?

Yes, indeed it is possible. Each time we read God's Holy Word, believe it, and fashion our lives accordingly, the possibility becomes reality. God does not break His promises. His advice is straight-forward and sure.

Discover more about our Heavenly Father as you worship each Sabbath. You can put all of your faith in God.

SPECIAL STATE ELECTION WEDNESDAY, JUNE 2, 1993

PROPOSAL A

A PROPOSAL TO LIMIT ANNUAL INCREASES IN ALL PROPERTY TAX ASSESSMENTS, REDUCE MAXIMUM SCHOOL OPERATING TAXES, INCREASE THE STATE SALES AND USE TAX RATES FROM 4% TO 6%, CONSTITUTIONALLY DEDICATE FUNDS FOR LOCAL SCHOOLS AND SET A PER-PUPIL FUNDING GUARANTEE

The proposed constitutional amendment would:

- 1) Limit for each property parcel (excluding new construction) annual assessment increase to 5% or the inflation rate, whichever is less. When property is sold or transferred, adjust assessment according to current market value.
- 2) Reduce maximum school operating taxes to 18 non-voted mills. Permit districts to levy up to 9 additional voted mills.
- 3) Reduce 50-mill maximum property tax limit to 40 mills.
- 4) Increase state sales and use tax rates to 6%. Dedicate this additional revenue and lottery proceeds to schools.
- 5) Establish a minimum, state/local per-pupil funding guarantee, annually adjusted for revenue changes. Provide a minimum 3% per-pupil funding increase in 1993-94.

Should this proposal be adopted?

Would You Like To Reach 1.7 Million Potential Customers?

Mich-CAN...

The Michigan Statewide Classified
advertising network is a new concept in
classified advertising with ease of ad
placement. By running an ad in the **Mich-**
CAN network, you can reach almost 45%
of all households in Michigan.

You Can...

Market your company, product or service
across the state, quickly and easily. To
run a **Mich-CAN** ad, simply send the ad,
along with payment, to the Crawford
County Avalanche by Tuesday of the week
before you want the ad to appear. It's that
easy.

It Can...

Deliver your 25 word classified ad to more
than 1.7 million homes in Michigan for only
\$300. That equates to just over six cents
per thousand readers. Additional words
are \$6 each. That low cost per thousand
and efficient reach has made **Mich-CAN** a
favorite with advertisers who want to
increase their business with a modest
advertising investment. Mobile home
companies, auctioneers, trucking
companies, travel agencies, vacation
resorts, finance companies, employment
firms and firms promoting special events
are just a few of typical **Mich-CAN**
advertisers.

We Can...

Help you tap the Michigan market each
week by taking care of the postage,
telephone calls and other details necessary
to make sure your ad runs correctly in all
participating newspapers across the state.
In addition, Michigan Newspapers Inc.
can help you place your classified
advertisement in more than 30 other states
across the nation offering similar networks.
Costs and circulation vary with each state.

How To Count Words...

Mich-CAN statewide classified ads are
line ads only. Telephone number, including
area code is one word; addresses (city
including house number, street and
direction count as two words; (rural)
includes box number and route number as
two words. The name of a city, state and
zipcode count as one word.

Michigan Newspapers, Inc. reserves the
right to edit copy submitted and reject that
which is not in compliance with state and
federal regulations, is in poor taste,
offensive, false, misleading or deceptive.

118 newspapers participate in **Mich-CAN**.
Current circulation is 1.7 million.

GHS band earns perfect score at state

The Grayling High School band reading) to earn an overall I - the Association's (MSBOA) State Band day, they would really nail the music very well, and if they were up for the day, they would really nail the music and put on a very impressive performance," said Director Dennis Ormsbee. "I thought the band had given a very good performance. But this came to reality after I listened to the tape, and I couldn't be prouder of the students. It was one of those moments you rehearse for and hope will happen. It is just great when the plan comes together."

The band earned its perfect rating by performing the march "Stars and Bars" by Robert Jager, "Overture in B flat" by Caesar Giovannini and "Regenesis: Song of the Planets" by John Higgins.

"A great audience from Grayling came to hear us perform," said Ormsbee.

JUDGES' COMMENTS

"Very rhythmically precise performance," wrote one judge. "Articulate and immaculate. There is some very fine teaching going on here. I thoroughly enjoyed the depth and energy of your performance."

"You covered the 'nitty-gritty' really well," wrote a second adjudicator. "It was, for the most part, an exciting performance. Keep it up."

"Great," wrote the sight reading judge. "Fine work by director and band. You are to be congratulated on a splendid reading today. Keep up the excellent work."

GRAYLING HIGH SCHOOL BAND MEMBERS

GRAYLING MIDDLE SCHOOL SOLO/ENSEMBLE PARTICIPANTS

24 GMS band students receive highest rankings

Twenty-four Grayling Middle School band students earned I (highest) ratings in the Michigan School Band and Orchestra Association (MSBOA) District Solo and Ensemble Festival at Gaylord High School on April 17.

Ten GHS solos and ensembles received II (next highest) ratings and one solo received a III (third highest) rating.

"The students had a very fine day," said Dennis Ormsbee, band director. "The judges were especially grateful for the preparedness of the Grayling students. Many of them have been receiving extra help since long before Easter break. Many nights have been spent until 7:00 practicing with the students."

Soloists earning a I were Holly Anger, flute; Annie Becks, flute; Scott Stade, trumpet; A.J. Stancil, clarinet; Kate Brunskill, clarinet; Erin Patrick, flute; Pat Lamie, clarinet; Morgan Neilson, trumpet; Anna Neidrick, alto sax; Julia McAnallen, bassoon; Rachel Porter, oboe; Chris Floriano, flute; Nicole Miller, clarinet; J.R. Akers,

trumpet; Ravi Ramaswamy, oboe; Lamie, baritone sax; and Jessica Scott, flute.

Ensembles rating a I included Mary Wakeley, Angie Floriano, Gretchen Ross, Lamie, saxophone quartet; Brunskill, Miller, clarinet duet; Amy Martella, Deanna Fleischmann, flute duet; Mo Harwood, Mike Bobenmoyer, snare drum duet; Clark Wilcox, Andy Hunter, baritone trombone duet; Anger, Becks, flute duet; and Michelle Dunckley, Patrick, Brunskill, woodwind trio.

Soloists earning a II rating were Mo Harwood, snare drum; Keith Sowulewski, tuba; Hunter, trombone; and Becky Pilon, clarinet.

Ensembles earning IIs were Debbie Harris, Kristi Cadeau, clarinet duet; Beth Hunter, Arica Burkett, flute duet; Lara Lepsy, Cadeau, Heather Mead, Harris, clarinet quartet; Akers, Stade, trumpet duet; Mead, Lepsy, clarinet duet; and Martella, C. Floriano, Fleischman, flute trio.

Jenny Rose earned a III rating with her clarinet solo.
